LED Area Light ,1 PCs

User Guide, 1 Set

UNPACKING

- 1) Unpack and carefully examine the product.
- 2) Report any damage and save all packing materials if any part(s) were damaged during shipping.
- 3) Do not attempt to use this apparatus if it is damaged.

INSTALLATION INSTRUCTIONS

- 1) CONSULT A QUALIFIED ELECTRICIAN TO ENSURE CORRECT BRANCH CIRCUIT CONDUCTOR.
- 2) The product should be installed and operated by a qualified electrician or technician in accordance with relevant local codes.
- 3) Risk of electric shock. Ensure that main power source is off when wiring or soldering the sections of the product.

MAINTENANCE

- 1) Disconnect the product from the power supply prior to cleaning.
- 2) Use a dry or slightly moistened cloth for cleaning.
- 3) Never use any chemicals or abrasive materials for cleaning.

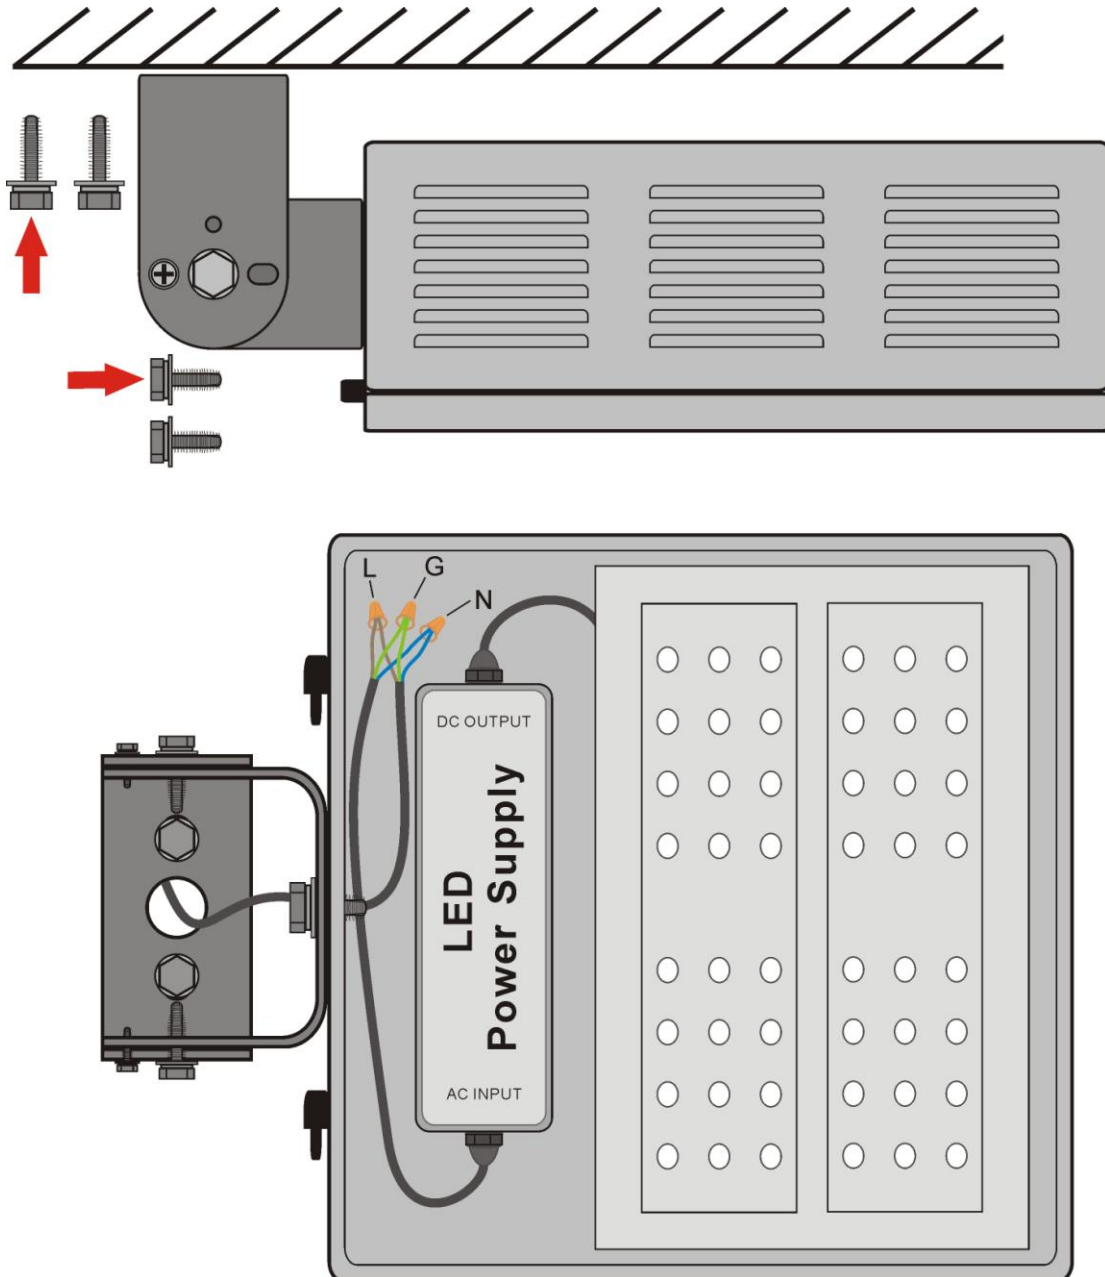

INSTALLATION STEPS

1. Trunnion Mount

Mounting trunnion is available at an extra charge.

- 1) Fix the mounting trunnion to dry wall with screws.
- 2) Fix the fixture to the mounting trunnion with screws.
- 3) Use a screwdriver to loosen the screws and open the fixture.

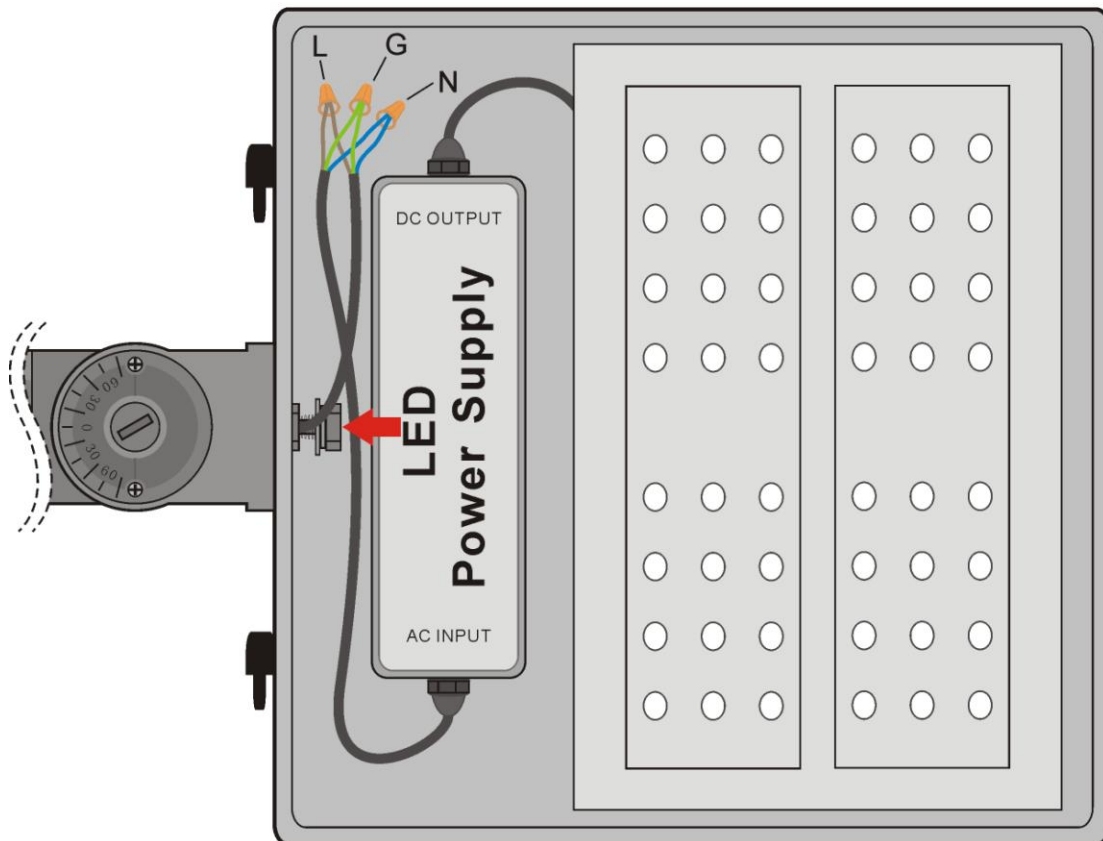

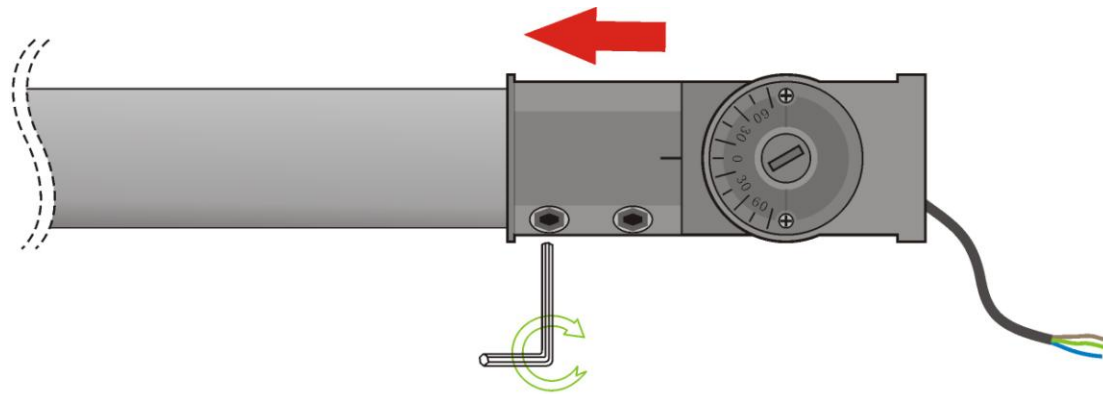

- 4) Connect the input wires of the fixture to the main power outlet.
- 5) Reattach the fixture front to the back plate. Tighten the housing screws to close the fixture.

2. Slipfitter Mount

Mounting slipfitter is available at an extra charge.

- 1) Put the mounting slipfitter to the lamp pole.
- 2) Tighten mounting screws.
- 3) Use a screwdriver to loosen the screws and open the fixture.
- 4) Fix the fixture to the mounting slipfitter with screws.
- 5) Connect the input wires of the fixture to the main power outlet.
- 6) Reattach the fixture front to the back plate. Tighten the housing screws to close the fixture.

3. Arm Mount

Mounting Arm is available at an extra charge.

- 1) Assemble the fixture, mounting arm and the lamp pole together with screws as shown in the figure below. The wires shall go through the mounting arm.
- 2) Use a screwdriver to loosen the screws and open the fixture.
- 3) Connect the input wires of the fixture to the main power outlet.
- 4) Reattach the fixture front to the back plate. Tighten the housing screws to close the fixture.
